

Safety data sheet according to directive 91/155/EEC

1) Identification of the substance and of the company

Product name: I.C.C. Ignition-Coil-Checker
Use: Diagnostic of defect ignition-coil
Company: Femitec GmbH&Co.KG
Internet: www.femitec.eu
Information: Tel. +49621 819116 28
Emergency-phone-number: Tel. +4930 1 92 40

2) Composition / Information on ingredients

Characterization : Aqueous solution of salty substances with citric acid, acetate, betanin, coloring and fragrance substances

Hazardous ingredients:

Citric acid, CAS-Nr. 5949-29-1, Xi irritating, R-Sätze R36/38-41, < 3%

Alizarin Red S, CAS-Nr. 130-22-3, Xi irritating, R-Sätze R36/37/38, < 1%

3) Hazards identification

Not classified as hazardous according to the EU directives.

No special hazards known.

4) First aid measures

General information: No special measures required
After inhalation: Ensure supply of fresh air
After skin contact: wash off with water
After eye contact: rinse out with plenty of water with the eyelid held wide open
After ingestion: make victim drink plenty of water
Consult doctor if victim is feeling unwell.

5) Fire-fighting measures

General information: Non-combustible
Special risks: none
Suitable extinguishing media: To suit environment
Special exposure hazards arising from the substance or preparation itself, its combustion products or from resulting gases: unknown
Special protective equipment for firefighting: No special requirements

6) Accidental release measures

Personal safety aspects: not required
Environmental precautions: No special requirements
Cleaning procedure: Mechanical procedure or take it up with liquid-absorbent material. Rinse away remainder with water.
Additional information: There is no release of hazardous substances

Safety data sheet according to directive 91/155/EEC

7) Handling and storage

Handling: No further requirements
Advice on protection
against fire and explosion: No further requirements
Storage: No further requirements

8) Exposure controls / personal protection

Personal protection: no requirements
Industrial hygiene: Wash hands after working with the substance.

9) Physical and chemical properties

Form: liquid
Color: violet
Odor: according to fragrance substance
pH-value (bei 20°C): 6-8
relative density (20°C) : 1,1 g/cm³

10) Stability and reactivity

No hazardous reaction by normal use.

11) Toxicological information

Toxicological testing: Not listed for this product.
Possible reaction: Irritation of eyes after eye contact
General information: : No toxicological reaction expected by normal use.

12) Ecological information

No data are available for this product.
No ecological problems are to be expected when the product is handled and used with due care and attention.
Hint: Do not discharge into the drains/surface waters/groundwater.

13) Disposal consideration

Follow applicable Federal, state, and local regulations.

14) Transport information

No information available.

15) Regulatory information

The product does not require a hazard warning label in accordance with EC Directives or other known references.
By handling take heed of normal precautions.

16) Other information

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.
